The 10-minute local campaign (Meta)

1. Instagram app → your profile → the post/reel → **Boost**. (Or Ads Manager if you have it.)
2. Goal: **More website visits** → link: your booking page (<https://www.vagaro.com/maisonlumiere>).
3. Audience: **Palm Beach + 15 km**, women 24–55. Nothing fancier.
4. Budget: **\$10/day for 7 days**. One video per week — rotate weekly, keep the winner.
5. Judge on one number: booked consultations. Everything else is noise.

Keep claims exactly as rendered — prices come from your own published list.
