

Your first week — the First-Patients Playbook

Day 1 — Go live loud. Post 3 of your kit posts (folder: <https://msw-client-maison-lumiere.vercel.app/kit/>). Story + feed. Tag your city.

Day 1 — Front desk. Print **qr-card.pdf** from your website folder and stand it at checkout. Every happy patient = a Google review.

Day 2 — GBP. Open **gbp-pack.pdf** and paste all six sections into your Google Business Profile. Ten minutes, permanent rankings help.

Day 3–7 — One post a day. Alternate treatments, the review quote, and the booking CTA from the kit.

All week — reply to everything. Every review, every DM, every comment. Speed reads as care.

Rule of thumb: when in doubt, post the price. "from \$14" outperforms mystery.
